Doctor's Advice about Coronavirus

Coronavirus Disease 2019(COVID-19) is originated from Wuhan, China. It comes from a local daytime seafood market. Now COVID-19 has spread all over the world and caused serious problems and many deaths.

About the symptoms of the pneumonia caused by Coronavirus:

It will first infect the throat, so the throat will have the dry sore throat feeling which will last for 3 to 4 days. Then the virus will blend into the nasal fluid and drips into the trachea and enter the lungs, causing pneumonia. This process will take 5 to 6 days.

With pneumonia, comes high fever and difficulty in breathing. The nasal congestion is not like the normal kind. You will feel like you are drowning in water. It's important to go seek immediate medical attention if you feel like this.

About prevention:

The most common way of getting infected is by touching things in public, so you must wash your hands frequently. The virus can only live on your hands for 5-10 mins, but a lot can happen in those 5-10 mins (you can rub your eyes or pick your nose unwittingly).

Aside from washing your hands frequently, you can gargle with Betadine Sore Throat Gargle to eliminate or minimize the germs while they are still in your throat (before dripping down to your lungs). Take extra care and drink plenty of water. Please copy, paste and repost.

Read the news of a typhoon and answer the questions.

August 15

A small but fast-growing typhoon is seen near Star Island. We're not sure if it will come straight to Cruk Island but we'll keep watching.

August 19

Typhoon Candice is growing stronger west of Star Island. We can see a clear eye in its center, which tells us its winds are very strong. The typhoon will hit Cruk Island in four days if it keeps heading northeast.

August 22

Candice is moving faster than we thought. It will arrive at Cruk Island around 4:00 this afternoon. Kos will be the first town to be hit. Please stay prepared.

August 23

Candice has been on a slow move since it hit the island at 3:30 yesterday afternoon. Its eye can still be clearly seen, and heavy rains will stay around for a few more days. Luckily, the wind is not as strong as Tiger in July.

August 27

Three days after leaving the island, Candice has turned back. It will hit again in two days. This time, Haz will be the first to face it.

41. What can be learned from the news? (A) The news gave the number of missing people. (B) The rains Candice brought helped Cruk Island a lot. (C) Candice is the first typhoon to hit Cruk Island this year.

(D) Cruk Island is going to face another attack from Candice.

42. Which best shows how Candice had moved before it hit Cruk Island?
