Part 1.

Easter Day

Easter is the first Sunday after a special full moon. It falls on a different date in March or April every year. There are lots of activities for this holiday, especially for kids. What's more, these activities usually have something to do with eggs or bunnies because they are symbols of new life. On Easter, kids paint eggs in beautiful colors. After that, adults will hide the colorful eggs in the yards for the kids to find. Besides this "Easter Egg Hunt" activity, the White House even has the Easter Egg Roll every year. Only people under thirteen can take part in the race. They push the eggs through the grass with a long-handled spoon. Everyone is having a great time on Easter!
